

Minnesota Public Library Annual Report, 2018 Worksheet

Please complete your report using data/information for January 1 through December 31, 2018, unless otherwise specified. Financial data should be reported for the fiscal year which ended in calendar year 2018. New indicates a DATA ELEMENT that is new for 2018.

Please note that this document reflects the online submission data elements for both library administrative entities (headquarters) and library outlets (branches). There are some fields that request information at the administrative entity level only and some that request only library outlet information. Information entered at the outlet level will usually 'roll up' into a total for the administrative entity. When this is the case, the data element for the administrative entity data element will be locked. Data elements that collect outlet level information use an "m" as part of the field code (e.g. P06m). In the case of a single-library location, the library is both the administrative entity and the library outlet and data will be reported within both.

Please contact State Library Services to update information in data elements that are pre-filled and locked.

2018 Minnesota Public Library Annual Report Worksheet

Please note that this report reflects the online submission data elements for both **library administrative entities** (headquarters) and **library outlets** (branches). There are some fields that request information at the administrative entity level only and some that request only library outlet information. Information entered at the outlet level will usually 'roll up' into a total for the administrative entity. Data elements that collect outlet level information use an "m" as part of the field code (e.g. P06m). In the case of a single-location library, the library is both the administrative entity and the library outlet and data will be reported within both.

2018 Minnesota Public Library Annual Report Worksheet

Please note that this report reflects the online submission data elements for both **library administrative entities** (headquarters) and **library outlets** (branches). There are some fields that request information at the administrative entity level only and some that request only library outlet information. Information entered at the outlet level will usually 'roll up' into a total for the administrative entity. Data elements that collect outlet level information use an "m" as part of the field code (e.g. P06m). In the case of a single-location library, the library is both the administrative entity and the library outlet and data will be reported within both.
